

**MINISTÉRIO DA DEFESA**  
**HOSPITAL DAS FORÇAS ARMADAS**

To The Editor-in-Chief  
Revista de Medicina e Saúde de Brasília  
Brasília-DF

Brasília-DF, August 29<sup>th</sup>, 2017

Dear Sir,

I am sending to Editorial consideration the original version of the manuscript: **At a glance: 25 fibrous tumors of the pancreas**, which was prepared by Vitorino Modesto dos Santos and Lister Arruda Modesto dos Santos. There is one table and no figure. I declare that this manuscript is submitted only to **Revista de Medicina e Saúde de Brasília**, and the authors transfer all copyright ownership of the manuscript referenced above to the Journal in the event the work is published; moreover, we have no funding sources or potential financial interest to disclose. I warrant that the article is original; the manuscript represents a valid work, does not infringe upon any copyright or other proprietary right of any third party, is not under review or consideration at any other publication or electronic medium, and has not been published elsewhere, in whole or in part, in the same form or other language. I also declare that the authors agree to its publication in this Journal.

The authors believe that this Letter should be published in this Journal because solitary fibrous tumors of the pancreas are exceeding rare conditions, which may have benign or malignant behavior. The scarce number of reported cases do not allows the establishment of consensual management. This brief review of data from 25 case studies might enhance the interest about this challenging condition.

Suggested reviewers: 1) Verônica Maria G. Furtado. Pathologist. Brasília-DF, Brazil. [vmgf@terra.com.br](mailto:vmgf@terra.com.br). 2) Luiz Augusto C. R. Mota. Internal Medicine. Brasília-DF, Brazil. [lacasulari@unb.br](mailto:lacasulari@unb.br).

Waiting to hear from you soon,

Prof. Dr. Vitorino Modesto dos Santos
